Re: 2018-2019 Priory Middle School Registration

Aloha e Parents and Guardians:

We are pleased to begin the registration process for the 2018-2019 academic year. As a middle school student, your daughter will register for her courses and select her music elective. You may review the middle school curriculum in *The Priory Upper School 2018-2019 Curriculum Guide* available on St. Andrew's School's website. To register, your daughter will receive a personalized *Course Request Worksheet* on color paper that she will fill out with your assistance. When it is completed, please sign and return it to her homeroom teacher.

After we receive the completed worksheet and enter the course selections, your daughter will bring home the resulting *Course Request Confirmation Form* for your final review and signature. The signed form is due back to the registrar on Monday, March 12, 2018. Please contact registrar@standrewsschools.org with any questions regarding the registration process.

If St. Andrew's Schools has not received your enrollment contract by March 12th, the registrar will hold your daughter's course request form until it is received. If you need assistance, please contact Stephanie Jones in the admissions office at sjones@standrewsschools.org or 808-532-2417 with the enrollment contract.

We are honored that you have chosen The Priory at St. Andrew's Schools for your daughter's middle school education.

Me ke aloha pumehana,

Nichole Field
The Priory Upper School Principal
