Upper School Uniform Guidelines

Upper School Uniform Changes Beginning SY 2019-20

1. **Chapel blouse**- We are waiting for the new style options that Dennis has to offer for blouses to arrive. Next Fall, we will review these and choose a new chapel blouse, but for now, we will continue with what we have.
2. **Shorts**: We will change shorts to **black** but keep the same style.
3. **Pants**: We will add a straight black pant.
4. **Black Polo Dress**: This is like the Lower School Priory red Polo dress, but a straight shift with a white seal.
5. **Polo Shirt**: We will change polo to Pique polo without the band on the bottom, and add a red polo shirt to the mix, giving students an option of a **Red or White** polo. *Pique* is a textured surface and holds up better than the smooth surface. The new Pique polo will have an embroidered logo starting next school year once the others are sold out.
6. **Sweater**: Students will have Red and Black cardigan choices.
7. **Jacket**: We will continue with the Navy windbreaker and offer it to K-12 Prep and Priory.
8. **Sweatshirt**: We will change this to Priory red with white seal. (Available for next school year once back stock of Navy and Gray sweatshirts are sold out)
9. **Navy Skort**: We will discontinue Navy Skort for next year, but students can continue to wear if they have it.
10. **PE Shorts**: We will return to the longer PE shorts once the navy shorts have sold out. Students may still wear navy PE shorts if they have them.
