

ST. ANDREW'S SCHOOLS

THE PRIORY ♦ THE PREP ♦ THE PRESCHOOL

March 16, 2020

Dear Parents,

Thank you for entrusting your children to our care on this first day of Spring Adventure Camp amidst the COVID-19 pandemic.

As you are probably already aware, today President Trump announced new guidance that “all Americans, including the young and healthy, should avoid gathering in groups of more than 10 people.” The [Centers for Disease Control and Prevention \(CDC\)](#) has recommended canceling events that serve people of higher risk for COVID-19 for groups of 10 people or more. Out of an abundance of caution, we’ve made the difficult decision to cancel the remainder of Spring Adventure Camp.

We realize that for many of you, this was a very convenient option for your children during Spring Break. Please understand that our decision was made with the health and safety of your children as our first priority.

We will be issuing a partial refund of your camp fees. These refunds will be sent to the home address we have on file in the upcoming weeks. Please contact Mary Ellen Williams, CFO, with any questions at mwilliams@standrewsschools.org or 532-2406.

We are grateful that you chose St. Andrew’s Schools for Spring Adventure Camp and we hope that you will consider one of our other adventure camps – Summer and/or Winter – again in the future.

Sincerely,

Alethia Donathan
Director of Ancillary Programs
